Partner Information and Application Pack

Thank you for your interest in the Association of Building Compliance. Please find inside this brochure information on the Association together with our Partner application form at the back.

Thank you for your interest in becoming a Partner and member of this National Organisation which is recognised by Government and many Territorial Authorities. With continuing changes to legislation and the associated operational requirements, we need to have a strong and effective Association, that not only provides high calibre education and training, but where we can also lobby to influence and overcome the many challenges, we face both now and in the future.

We trust that you will support the Association as a Partner and member and enjoy the many benefits of the Association's network, exposure for your business and being part of a large group of likeminded people and hope that this is the start of a lifelong partnership. We value our Partners, as Partners to us are for life!

About the Association of Building Compliance

Established in 1998 the Association of Building Compliance (ABC) is the only IQP representative body in New Zealand. The Association's membership includes Independently Qualified Persons (IQPs), Council Staff, Compliance Managers and those who play a part or have an interest in the building compliance process.

The purposes and objectives of the ABC can be found and viewed in our constitution available online at www.abciqp.org.nz/home

About ABCTech

ABCTech is the Training Arm of the Association of Building Compliance and provides a comprehensive range of educational, training, and technical services. Our services are impartial and designed to provide educational support, technical information, and specialised training for those involved in the Building Compliance Industry. Services are available to ABC members, affiliates and partner associations and include:

› INDEPENDENT TECHNICAL SUPPORT

Hosting a technical support centre for members by sharing technical information and industry updates, regular technical advisory bulletins, and FAQs via the ABC website.

Providing independent and impartial technical guidance and advice direct to ABC members, affiliates, and partner associations.

› TECHNICAL TRAINING SERVICES

Specialised training courses – topics will include the NZ Building Act, NZ Building Codes and NZ Standards for Specified Systems Technical Training Services. These courses will be technically based and attended by IQP's and members needing to either learn about the topic at beginners, advanced or refresher levels where required. These courses will be run on a regular basis throughout both the North and South Islands.

› ON-SITE TRAINING

In house and on-site educational and technical training support specific to your needs. This service is provided to all members, affiliates and partner associations as required. This service is highly customised to your requirements and can include both in house (office based) and in-field (site based) one on one or small groups.

ABC PARTNER AND MEMBERSHIP BENEFITS

As a Partner and Member of the Association of Building Compliance, you will have exposure to, contact with, and the recognition of your peers throughout the country, whether they are IQP's, compliance management or support people – all who have input into our industry.

We have the strength in numbers to lobby Government, Territorial Authorities and Technical Agencies to achieve consistency, improvements and common-sense legislation within our industry.

- › You will share with like-minded people ideas, developments and improvements as well as having a vehicle to develop your own initiatives.
- › The Association of Building Compliance is an established and respected organisation in New Zealand providing support for our industry and its members by providing education and skills for professional development including:
 - Regular Members Forum meetings in various locations nationwide.
 - Annual Conference and Exhibition (alternating between North and South Island locations).
 - Workshops run by the training arm of ABC – ABCTech – held in various locations nationwide
 - Seminars run by the training arm of ABC – ABCTech – held in various locations nationwide.
- › The Association is currently the only IQP and Building Compliance representation and advocacy body in New Zealand and it is imperative that it continues to grow and become a strong voice. We have strong support from the Ministry of Business Innovation and Employment (MBIE) and the Council regulating authorities involved in the industry.
- › Your Partnership investment will afford you a wide range of opportunities for your company profile and exposure via ABC activity across the building sector including, Councils, IQPs, Building Managers, Contractors and Equipment Suppliers.

The Association of Building Compliance has grown into a respected national organisation that provides high quality training and education to the industry.

We have built strong relationships with all key industry stakeholders including being an approved nominating body to Standards New Zealand.

For more information on becoming a member contact us at admin@abciqp.org.nz

The ABC is a not-for-profit service Association focussed on providing high performance to its members. We support and encourage employer and employee participation in industry training initiatives.

There is significant benefit to being a Partner of the Association of Building Compliance (ABC), the least of which is the year-long exposure to ABC events, including our national conference and the regional face-to-face training events in addition to the developing E-Tech on-line services.

Your Partner investment will return a wide range of opportunities for profile and exposure via ABC activity across the entire New Zealand building compliance sector including, Councils, IQPs, Building Managers, Contractors and Equipment Suppliers.
